MAYOR'S MESSAGE

Dear Community,

I hope you are with me on the idea of more sunshine. I really enjoyed the one sunny day we had last week and I am not hoping but expecting that we will have a great summer this year. A summer where we will all have the opportunity to visit our great parks, BBQ in the back yard, and enjoy the many trails that we have. Its also a time that more people will be out walking, so please drive carefully as we approach the many sunny days we are soon to experience.

On a different note, our City has many great volunteers and this is the time of year where you have the opportunity to nominate our adult and youth Volunteers of the Year. Log onto www.duvallwa.gov and nominate that person who you feel has done a great job volunteering for our community in 2010.

I want to thank all of you that showed up for the centennial kick off meeting. We are off to a great start in planning one great series of events when Duvall turns 100 years old in 2013.

Finally, Happy Mother's Day to all the moms out there!

Thank you,

Will Ibershof

THANK YOU

The City would like to thank the local GeoCaching group, CITO (Cache In Trash Out) for their cleanup effort on Saturday April 23rd.

The volunteer group of 20 people went through the woods behind Taylor Park and pulled out approximately 1,000 pounds of trash including tires, a car hood, metal scrap & trash. They piled it all up at the entrance to Taylor Park and the City hauled it away. Thanks for the great effort!!

DUVALL RECEIVES "WELLCITY" AWARD

The City of Duvall recently earned a WellCity Award from the Association of Washington Cities (AWC) Employee Benefit Trust, one of 82 cities receiving the award. The award is based on meeting stringent best practice standards in employee health promotion.

Award recipients will receive a 2% premium discount on their medical coverage in 2012. While the 2% premium discount is a considerable motivation in becoming a "WellCity", the rewards go beyond the monetary savings. A city that works on employee health can see an increase in productivity, morale and employee retention, and helps decrease absenteeism and injuries.

The City Wellness committee includes Shaun Tozer, Shelley Olson and Paul Kingham. A special thanks to the group for all of their effort and diligence in establishing the program for the City!
